# COURSE OVERVIEW

Our adult language courses are taught using a dynamic and interactive learning style, encouraging you to actively participate in classroom discussions on diverse themes, group exercises, debates and role play activity.

This methodology allows you plenty of opportunity to apply your newly acquired English communication skills, helping you build your confidence in the language.

# METHODOLOGY

Intensive English course aims to equip professionals to confidently present, network and liaise across a range of media, with external stakeholders in internationalised settings where English is the language of communication. Our specialist team of trainers employ a collaborative approach to course delivery, utilising pre-arrival questionnaires and needs analyses to adapt the course in ways that will maximise outcomes for participants.

# TARGET GROUP

- Regional and local authorities;
- School/ adult centre management department, collaborators and volunteers
- Teachers & school staff

# LEARNING OUTCOMES

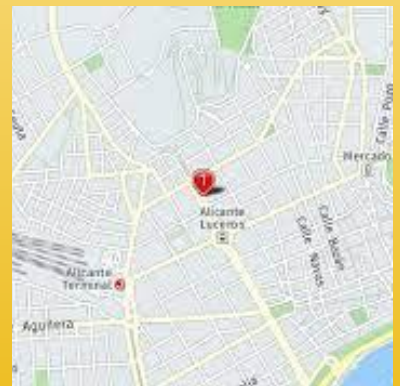

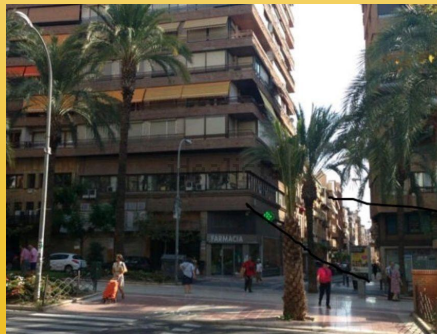

It may be that you simply want to improve your general language skills or that you have more specific goals in mind such as:

- improve your communication skills with international clients or colleagues abroad;
- update your language skills for teaching English study;
- participate more actively in international business meetings;
- develop language skills suitable for making presentations in English.

**Simply tell us what your goals are and we will help you achieve them by creating a hands-on language training program that will meet your specific needs.**
